Press Release

Aspire Europe are excited to announce their appointment to the Crown Commercial Services DPS framework for Learning and Development.

Now all Portfolio, Programme and Project Management professionals in central and local government will be able to access our services full range of services online, blended and face to face training services in one place.

We have created a complete portfolio of training materials directly linked to the GOST Project Delivery Profession Competency Framework (PDCF) and supporting services, you can find more information on these [from our website](#).

Using this framework you can buy anything from a single module to fill a knowledge gap to a complete career journey through all the qualifications and on to Higher Education.

If you are looking for more For more information about the [CCS framework](#) please follow the link
